

Unified Analytics Center

UNDERSTANDING THE HISTORY OF YOUR ORGANIZATION'S ACTIVITIES, EMPLOYEE USAGE, AND SECURITY POSTURE CAN SOMETIMES BE DIFFICULT TO VISUALIZE.

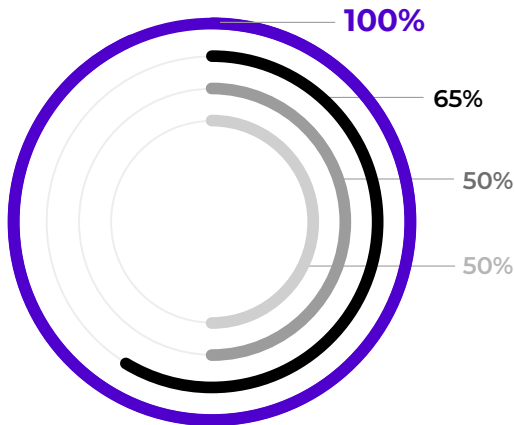

Kinetic Global's Unified Analytics Center simplifies the process with a broad set of reporting, analytics, and AI algorithms that are applied to your historical data.

This helps model predictive patterns within your organizational structure and produces more comprehensive dashboards and analytics. Furthermore, it offers a better user administration experience, advanced security features for monitoring, and superior risk response capabilities.

Understanding key performance indicators such as engagement, usage metrics, and trending activity are invaluable ways to gain insights into the safety and security of your organization. Moreover, Kinetics Global's Unified Analytics Center can easily be fine-tuned according to each organization's needs for reporting; thus saving both time and money.
